## PerfectSense®

The high-quality PerfectSense® surfaces convince with visual perfection as well as high resilience and durability. The surfaces finished with a layer of lacquer are giving the kitchen an exclusive and noble character.

PerfectSense® borgar för hög kvalitet, slitsstyrka och ett genomgående utförande. Ytorna förfinas med ett lager lack som ger köket en exklusiv och högvärdig kvalitet.

La qualità delle superfici PerfectSense® si fa apprezzare sia per l'estetica perfetta, sia per le sue doti di elevata robustezza e resistenza. La speciale laccatura delle superfici conferisce alla cucina uno stile raffinato ed esclusivo.

PerfectSense®-overfladerne af høj kvalitet overbeviser med visuel perfektion, høj modstandskraft og lang holdbarhed. De lakerede overflader giver køkkenet et eksklusivt og raffineret udtryk.

## ATTRACTIVE VARIETY OF FRONTS

A wide variety of high-quality fronts are the basis for individual kitchen designs: whether plastic fronts in plain or reproduction, laminate fronts, lacquered real wood, wood veneer with grooves, ceramic, stone veneer or glass fronts with safety glass, matt lacquer or high-gloss, plus fabulous colour options.

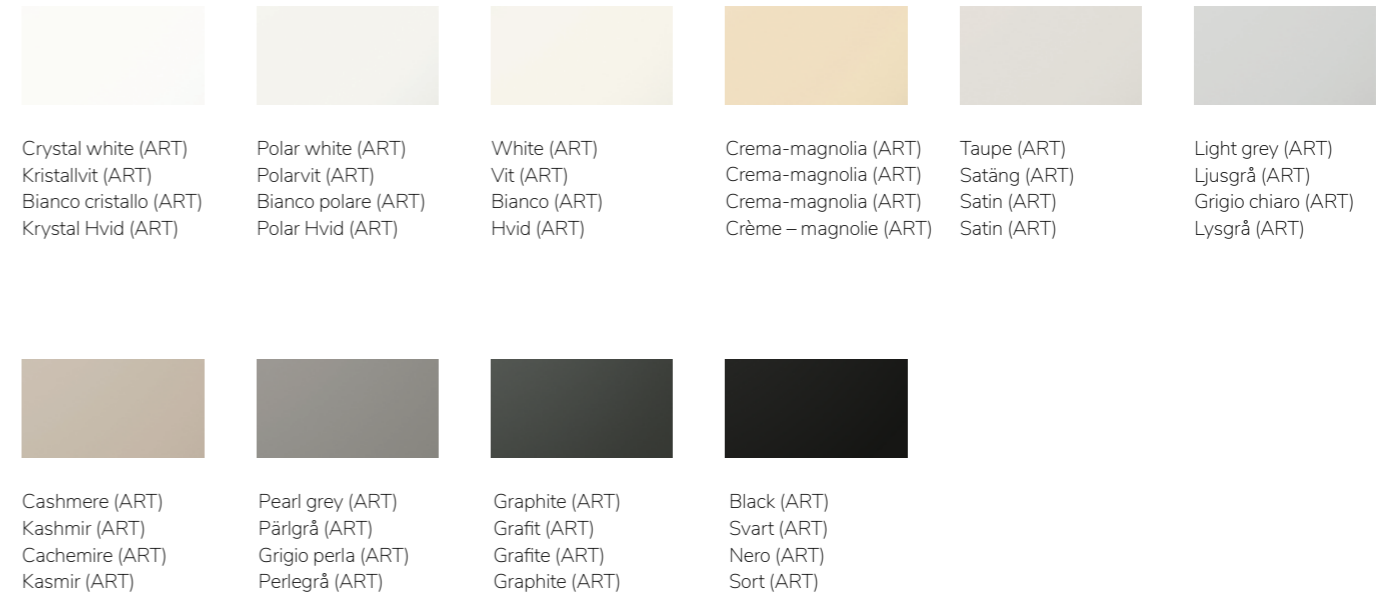

**Attraktiva fronter** Ett stort utbud av fronter av hög kvalitet är grunden för individuella köksdesigner: Oavsett om det är enfärgade plastfronter eller reproduktion, laminerade fronter, målat äkta trä, träfaner med spårstruktur, keramik, stenfaner eller glasfronter med säkerhetsglas, matt eller höggglans eller fantastiska färgalternativ.

**Attraeante varietà di ante** La grande varietà di ante di alta qualità sono è alla base per la progettazione di cucine personalizzate: in foglio o in laminato, a tinta unita o in essenza, in legno massello laccato, impiallacciati in legno con superficie scanalata, in ceramica, in pietra o in vetro temperato, laccate opache o lucide, e tante favolose possibilità di colorazione.

**Attraktivt udvalg af fronter** Forskelligartede fronter af høj kvalitet danner udgangspunkt for individuelle køkkendesign: hvad enten det er plastfronter i Uni eller reproduktion, laminatfronter, lakeret ægte træ, træfinér med rillet struktur, keramik, stenfiner eller glasfronter med sikkerhedsglas, mat eller højglans plus utrolige farvesammensætninger.
